A new CCDF applicant should use the base amount plus approximately \$50 per child to estimate its allotment for Discretionary funding, and should use approximately \$85 per child to estimate its allotment for Tribal Mandatory funding. Put in the estimated amounts of the total FY 2014 CCDF allocations (mandatory and discretionary) for the **one-year period (10/1/2013 thru 9/30/2014)** that will be available on all child care and related services including funds for direct services, non-direct services, administration, and quality. This Application does not give approval to spend funds on construction or renovation. Funds for this purpose cannot be spent until a Tribe has applied for and received approval, through a separate application process, from the Administration for Children and Families.

As a part of the separate construction/renovation application process, a Tribe must show that adequate facilities are not otherwise available to carry out child care programs, and that the lack of facilities will inhibit future program operations. Furthermore, a Tribe cannot reduce the level of child care services, as compared to the preceding fiscal year, in order to spend funds on construction or renovation. Procedures regarding the separate construction/renovation application process are contained in CCDF-ACF-PI-2010-03, dated April 7, 2010 and regulations at 45 CFR 98.2 and 98.84.

Will the Tribal Lead Agency use 2014 funds for construction?

**3.5.6. Additional CCDF Eligibility Criteria or Definition**

Does the Tribal Lead Agency establish additional eligibility criteria, for example, higher income limits in one part of the tribal service area? (658E(a), 98.16(g)(5), 98.20(b))

- Yes. If Yes, describe the additional eligibility criteria \_\_\_\_\_
- No.

**Section 3.6. Priority Rules for Children**

At a minimum, CCDF requires Lead Agencies to give priority for child care services to children with special needs. Prioritization of CCDF-services is not limited to eligibility determination (i.e., establishment of a waiting list or ranking of eligible families in priority order to be served). Lead Agencies may fulfill priority requirements in other ways, such as higher payment rates for providers caring for children with special needs. (658E(c)(3)(B), 98.44(b))

**3.6.1. Priority Rules for Children with Special Needs**

Tribal Lead Agencies have the flexibility in how they define “special needs”. Tribal Lead Agencies are not limited in defining children with special needs to only those children with physical or mental disabilities (e.g., with formal Individual Education Plan (IEP) required under the Individuals with Disabilities Education Act (IDEA). Lead Agencies could consider children in the child welfare system, children of teen parents, or homeless children in their definition of children with special needs.

PLAN FOR:  
CHILD CARE & DEVELOPMENT FUND  
Plan Period 10/1/13 – 9/30/15

- a) How does the Tribal Lead Agency define “children with special needs?”

Definition of “children with special needs”: Any child 18 or younger who has been medically diagnosed with a mental or physical impairment, including those who have been diagnosed with Fetal Alcohol Syndrome (FAS), and is served by State or Tribal protective services.

- b) Describe how the Tribal Lead Agency will give priority for child care services to children with special needs (658E(c)(3)(B), 98.44(b))

Describe: The following is the prioritization method used with 1 being the highest and 4 being the lowest:

1. Children in custody
2. Special needs children
3. Welfare Recipients
4. All others are given the same priority, which may include children needing care that parents are teens, low-income families, and homeless families.

### 3.6.2. Additional Priority Rules

- a) Does the Tribal Lead Agency have additional priority rules or categories? (658E(c)(3)(B), 98.16(g)(5), 98.20(b))

Yes If Yes, include the additional priority rules or categories to include a description and definition:

Definition and Description: \_\_\_\_\_

No.

### Section 3.7. Payment Rates for Child Care Services

Lead Agencies are required to establish payment rates for child care services that ensure eligible families equal access to child care services comparable to those services provided to families not eligible to receive CCDF services. (658E(c)(4), 98.16(l), 98.43(a), 98.43(b), 98.43 (b)(1) and 98.43(b)(2)).

- 3.7.1.** Attach a copy of your payment rates as Attachment. (Enter Attachment #:2)

Note: For Tribal Lead Agencies that only offer direct services through a tribal-operated center and/or grants and contract, skip to 3.7.2.

**Reminder:** The attached payment rates should reflect all the rates that cover the variety of care offered in your program. Tribal Lead Agencies are reminded that payment rates cannot be based on a family’s eligibility or circumstances. This means that the Lead Agency may not establish payments for TANF families that differ from the payments for child care for the working poor, or for families in education or training.

PLAN FOR:  
CHILD CARE & DEVELOPMENT FUND  
Plan Period 10/1/13 – 9/30/15

Will the attached payment rates be used in all parts of the Tribal service area?

Yes. Effective Date: October 1<sup>st</sup>, 2013

No. Attach other payment rates as Attachment (Enter Attachment #: \_\_\_\_\_). Indicate their effective dates and describe or list the geographic areas where they are used:

\_\_\_\_\_

**3.7.2.** Does the Tribal Lead Agency provide child care services only through a tribally-operated center(s) or grants and contracts?

**Reminder for Tribally Operated Centers:** For Lead Agencies that only offer direct services through a tribally-operated center and/or grants and contracts, the Tribe could provide information about its CCDF budget, including the average cost of providing care per child, or information about what the center would charge a non-subsidized child for care in lieu of a payment rate schedule.

Yes, if Yes attach information on cost of care per child, budget information or other documentation regarding the cost of child care services. (Enter Attachment #: \_\_\_\_\_)

No.

**3.7.3. Market Rate Survey Requirements**

Tribal Lead Agencies are required to establish payment rates for child care services that ensure eligible families equal access to child care services comparable to those services provided to families not eligible to receive CCDF services. At a minimum, Tribal Lead Agencies are required to show how payment rates are adequate based on a local Market Rate Survey conducted no earlier than two years (10/1/2011) prior to the effective date of the currently approved Plan.

ACF recognizes that market rate surveys might not be feasible for some Tribal Lead Agencies and provides Lead Agencies with three options for fulfilling the local Market Rate Survey requirements: 1) conducting its own local Market Rate Survey, 2) using the State's local Market Rate Survey, or 3) providing alternative documentation in lieu of a local Market Rate Survey if selected criteria are met.

Which option does the Tribal Lead Agency use in fulfilling the local Market Rate Survey requirements? Please select only ONE option. (98.16(l), 98.43)

**Option 1** – the Tribal Lead Agency conducts its own MRS.

a) Provide the date the MRS was conducted: 05/2013

b) Describe how the payment rates are adequate to ensure equal access based on the results of the market rate survey. At a minimum, indicate the relationship between the attached payment rates and the market rate observed in the survey. the survey). What additional facts (if any) were considered, in addition to the market rate survey, to set the attached payment rates?

Describe: Payment rates were determined by the market survey in which the providers in the area both those who provide the Native Village of Barrow with childcare and those who don't were asked a set list of questions. From these questions the rates were determined. Survey questions are attached.

**Option 3** – the Tribal Lead Agency provides alternative documentation in lieu of a local MRS. The Tribal Lead Agency must identify and meet at least one of the following two criteria listed below and provide a description to support its choice.

Please select only one criteria.

**Criteria 1** – check if the Tribal Lead Agency:

- a) Provides CCDF direct services solely in Tribally operated facility(ies) and does not provide services through certificates/vouchers, grants, or contracts; **and/or**
- b) Funds CCDF direct services solely in unregulated home-based settings such as in-home care (i.e., care in the child's own home) or unregulated family child care homes, and does not fund any CCDF services in centers, regulated family child care homes or regulated group homes.

**Criteria 2** – check if the Tribal Lead Agency:

- a) Documents that all child care providers in the service area that would potentially be included in a market rate survey (a) serve only children receiving CCDF subsidies, and (b) serve no private-pay children.

Describe how the Tribal Lead Agency determined that all providers serve only children receiving CCDF subsidies and serve no private-pay children, including a

CCDF requires families to share in the cost of subsidized child care (658(E)(5), 98.42). The Tribal Lead Agency must establish a sliding fee scale that details each family's contribution(s) (i.e., "co-payment"). The sliding fee scale must vary based on **income and the size of the family**.

**Reminder:** Tribal Lead Agencies are reminded that the co-payments may be waived for only two circumstances – for families at or below the poverty level or on a case-by-case basis for children falling under the definition of “protective services” (as defined in 3.5.4).

- ALL families, including those with incomes at or below the poverty level ARE required to pay a fee.
- NO families with income at or below the poverty level for a family of the same size are required to pay a fee.
- SOME families with income at or below the poverty ARE NOT required to pay a fee. The Lead Agency waives the fee for the following families: \_\_\_\_\_

## Part 4 – Procedures for Parents

In this section, the Tribal Lead Agency should provide a complete description of the application process for families, the procedures for providing parents with unlimited access to their children while they are in the care of a CCDF provider. Including how the Tribal Lead Agency maintains substantiated parental complaints and how such information is made available to the public upon request. **4.1.4.** TANF Agency's Criteria/Definitions Regarding Inability to Obtain Care

The regulations at 98.33(b) require the Tribal Lead Agency to inform parents who receive TANF benefits about the exception to the individual penalties associated with the work requirement for any single custodial parent who has a demonstrated inability to obtain needed child care for a child under 6 years of age. Lead Agencies must coordinate with TANF programs to ensure, that TANF families with young children will be informed of their right not to be sanctioned if they meet the criteria set forth in the TANF statute and Plan.

In fulfilling this requirement, the following criteria or definitions are applied by the TANF agency—which include both the Tribal TANF agency and the State TANF agency-- to determine whether the parent has a demonstrated inability to obtain needed child care:

**Reminder:** The TANF agency, not the Child Care Tribal Lead Agency, is responsible for establishing the following criteria or definitions. These criteria or definitions are offered in this Plan as a matter of public record. This question is for informational purposes.

a) Identify the TANF agency(ies) that established these criteria or definitions:

State(s) TANF Agency: AK

Tribal TANF Agency: n/a

b) Provide the following definitions established by the TANF agency.

- “Appropriate child care”: Child care is appropriate when a provider who is willing to take care of the participant’s child appears to have the ability to care for children of the same age and development level as the participant’s children and is, or is willing to become, and approved or licensed provider.

PLAN FOR:

Plan Period 10/1/13 – 9/30/15

- “Reasonable distance”: Child care is within a reasonable distance when the providers location is within 30 minutes travel time by public or private transportation from the participant’s home or activity site.
- “Unsuitability of informal child care”: Informal care is not suitable if it is not appropriate or is not within a reasonable distance.
- “Affordable child care arrangements”: Child care is affordable when the family has PASS 1 assistance to pay the cost.

c) How are parents who receive TANF benefits informed about the exception to individual penalties associated with the TANF work requirements?

#### **Section 4.2. Description of Procedures for Unlimited Parental Access**

The Lead Agency shall have procedures to ensure that providers receiving CCDF funds afford parents unlimited access to their children, and access to the providers caring for their children, during normal hours of provider operation and whenever the children are in the care of the provider. (658E(c)(2)(B), 98.31, 98.16(n))

Describe how the Lead Agency ensures that parents have unlimited access: Providers are located in various sites though the Barrow area. Clients have unlimited access to their children at all times. Many families have the opportunity to spend time with their children within the provider’s facility or home. Depending on the location, may families have quick and easy access to their provider’s home or facility.

#### **Section 4.3. Record of Substantiated Parental Complaints**

## Part 5 – Activities and Services to Improve the Quality of Child Care

In this section, Tribal Lead Agencies are asked to describe their needs, goals and activities for the implementation of child care quality improvement activities. Core elements of CCDF include quality investments and support systems for programs and staff. Tribes are encouraged, regardless of size, to take an intentional approach to quality improvement – assessing the current quality of care available and the training and technical assistance needs of providers; investing their quality funds and efforts in accordance with the needs; and reviewing the success of their activities to improve quality and making adjustments as necessary.

The Tribal Lead Agency should consider its goals for a child care quality improvement system for all families, not just those receiving assistance under CCDF. (658G, 658E(c)(3)(B), 98.16(h), 98.51, 98.83(f))

**Reminder:** CCDF regulations require non-exempt Lead Agencies (those receiving \$500,000 or more) to spend at least 4 percent on quality activities. These activities may include, but are not limited to; activities designed to provide comprehensive consumer education, increased parental choice, and to improve the availability and quality of child care services.

Exempt Lead Agencies (those receiving less than \$500,000) are strongly encouraged to spend CCDF funds on quality activities but are not required to meet the 4 percent provision.

### Section 5.1. Quality Improvement Needs

**5.1.1.** How does the Tribal Lead Agency learn about the quality of care currently offered and the training needs of providers?

**Note:** Tribes make their own decisions about how to determine their needs and make investments. For technical assistance purposes, ACF would like to learn how Tribes perform these functions – from the use of formal tools to determine the quality of programs to more informal methods to learn about the needs of caregivers.

Describe: Health, safety, nutrition, potty training, along with other types of child care delivery books are offered to our providers. We will be offering certificates for completing classes on line or other avenues as we define them.

### Section 5.2. Quality Improvement Goals

In the upcoming Biennium, describe the Tribal Lead Agency's goals for improving the quality of care in your program. (Responses will be used to guide future training and technical assistance provided by OCC.)

Describe: Our goal is partake in the webinars forwarded by OCC for the improvement of care and depending on the content invite our providers to attend. Information and training opportunities provided by the webinar will be shared with caregivers and certificates for their participation will be awarded.

## Part 6 – Health and Safety Requirements for Providers

### **Activities to Ensure the Health and Safety of Children in Child Care**

This section is intended to collect information on how Tribal Lead Agencies meet the statutory and regulatory provisions related to health and safety and how these requirements are effectively enforced. In the following pages, provide the appropriate responses for each category of care offered addressing the CCDF health and safety requirements.

The CCDF health and safety requirements at 98.41 require Lead Agencies to have health and safety requirements in the following areas:

- Prevention and Control of Infectious Disease (including immunizations)
- Building and Physical Premises Safety; and
- Health and Safety training.

CCDF identifies and defines four categories of care: child care centers, family child care homes, group child care homes and in-home child care providers (§98.2). The CCDF definition for each category is listed below.

**Center-Based Child Care:** Center-based child care providers are defined as a provider licensed or otherwise authorized to provide child care services for fewer than 24 hours per day per child in a non-residential setting, unless care in excess of 24 hours is due to the nature of the parent(s)' work.

**Group Home Child Care:** Group home child care provider is defined as two or more individuals who provide child care services for fewer than 24 hours per day per child, in a private residence other than the child's residence, unless care in excess of 24 hours is due to the nature of the parent(s)' work.

**Family Child Care:** Family child care provider is defined as one individual who provides child care services for fewer than 24 hours per day per child, as the sole caregiver, in a private residence other than the child's residence, unless care in excess of 24 hours is due to the nature of the parent(s)'s work.

**In-Home Care:** In-home child care provider is defined as an individual who provides child care services in the child's own home.

### AMENDMENTS LOG

Child Care and Development Fund Plan  
For the period: 10/1/2013 –9/30/2015

Tribal Lead Agencies are required to request approval from Administration for Children and Families (ACF) whenever a “substantial” change in the Tribal Lead Agency’s approved CCDF plan occurs. Please refer to the [ACF Program Instruction regarding CCDF Plan amendments](#) for more information.

Plan amendments must be submitted to ACF within 60 days of the effective date of the change. Under the regulation, the plan amendment must be approved no later than the 90th day following the date on which the amendment is received by ACF unless the Lead Agency and ACF mutually agree in writing to extend the period. (§98.18 (b)).

ACF encourages Tribal Lead Agencies to contact the Child Care program staff in the appropriate ACF Regional Office to discuss any proposed amendment as early as possible.

#### Instructions:

- (1) Tribal Lead Agency completes the first 3 columns and sends a photocopy of this log (showing the latest amendment sent to ACF) and the amended section(s) to the ACF Regional contact. A copy of the log, showing the latest amendment pending in ACF, is retained in the Tribal Lead Agency’s Plan.
- (2) ACF completes column 4 and returns a photocopy of the log to the Tribal Lead Agency.
- (3) The Tribal Lead Agency replaces this page in the Plan with the copy of the log received from ACF showing the approval date.
- (4) Program Instruction CCDF-ACF-PI-2009-01 provides specific details and timelines specific to the plan amendment process.

Reminder: This process depends on repeated subsequent use of the same log page over the life of the Plan. At any time the log should reflect all amendments, both approved and pending in ACF. The Tribal Lead Agency is advised to retain those “old” plan pages that are superseded by amendments in a separate appendix to its Plan.
