□YES □No	Pets in our home are current with rabies and other shots, and pets are tolerant of children.
□YES □No	Combustible and flammable materials are stored safely away from water heaters, furnaces, stoves, and ovens.
□YES □No	My home has class 2-A-10BC (or larger) fire extinguishers in the kitchen and other recommended areas by the local fire department. (At least one 2-A-10BC fire extinguisher per floor level of home is required.)
□YES □No	I will have created a Fire Escape Plan and will provide it to NVB Workforce with the Foster Care Application.

FIRE ESCAPE PLAN:

Plan ahead to save your family. If a fire starts, smoke and heat can kill you or a family member; planning an escape in advance can help your chances of surviving. A good Fire Escape Plan requires the following:

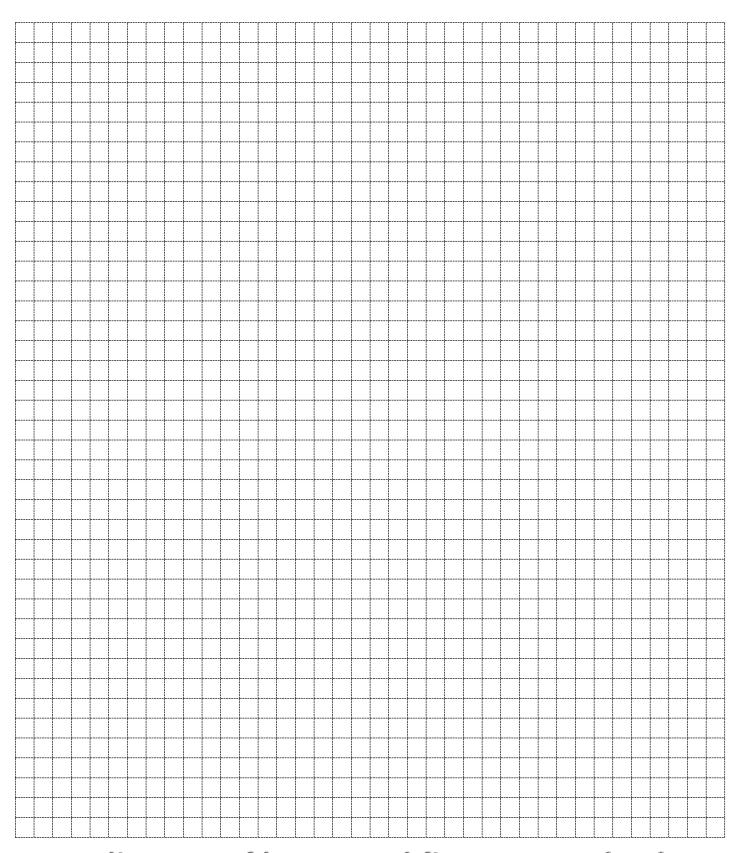

- A smoke detector on each level of your home.
- A fire extinguisher on each level of your home.
- ➤ Have an established escape route (and alternate escape route) marked on your floor plan, and practicing the route with everyone to help remember it. You should do this at least once a month and at different times of the day to build confidence in case of a real house fire.
- An established place outside your home that your family can meet in the event of a fire emergency.
- Have a plan in place for everyone to exit the home within 150 seconds (2 minutes 30 seconds). Sleeping with bedroom doors closed can hold back deadly smoke in the event of a house fire.
- Test smoke alarms once a month. Show everyone the Fire Alarm sounds.
- > Teach everyone in the home to test a door knob first, and to open cautiously if it is cool to the touch. If it is hot, show them the alternate escape route.
- > Crawl low under smoke.
- > STOP, DROP & ROLL if clothes catch on fire.
- > Once you get to your meeting place, do a head count to make sure each family member is safe.
- > Call the Fire Department from a neighbor's home.
- Never, never, never go back into your home if it is on fire. Notify any Fire Fighters if any of your family members may still be in the house.

FLOOR PLAN AND ESCAPE ROUTES:

In the space provided on the next page, please draw a diagram of your home. Label each room (ex: "kitchen" "bedroom" etc...) Indicate position of doors and windows. Also show the location of the established meeting place outside of your home where your family will meet if a fire occurs.

You can also receive a monthly payment to help pay for the child's needs. Below is a list of allowable items (but not limited to) that you may need to purchase for the child.
